Professional Summary

Motivated Computer Science student with hands-on experience in Software development and building scalable applications. Proficient in Java and growing expertise in Spring Boot framework. Worked with cross functional teams to solve real-world problems through projects and hackathons, demonstrating adaptability, and a commitment to continuous learning and innovation.

Education

B.Tech in Computer Science , JSPM's Rajarshi Shahu College of Engineering, Pune	2022–2026
CGPA: 9.11/10	
HSC , Takshshila Junior College, Jamkhed	79.33% 2022
SSC , L.N. Hoshing Vidyalaya, Jamkhed	97.80% 2020

Skills

Languages: Java, SQL

Frameworks & Databases: Spring Boot, MySQL, DBMS Concepts

Concepts: OOP, DSA, REST APIs, OS, Networking, SDLC, SAP

Tools & Servers: Git, GitHub, CI/CD (GitHub Actions), Linux

Soft Skills: Communication, Problem Solving, Team Collaboration, Detail-Oriented, Quick Learner

Projects

Companion-Way: AI Travel Buddy

- Developed an AI-powered assistant with real-time facial emotion recognition for solo travelers.
- Delivered emotion-aware responses by training machine learning models on real-time facial data.
- Designed backend microservices using REST APIs for scalability.
- Enhanced system responsiveness and reliability through emotion-aware conversation flows, improving user engagement in prototype testing.

ServiSwift: Bridging Users and Providers Through Intelligent Architecture

- Developed a full-stack platform with Spring Boot and React to connect users with local providers.
- Integrated data from APIs and databases, ensuring consistency and scalability across services.
- Implemented JWT-based authentication; containerized services with Docker.
- Set up CI/CD pipelines using GitHub Actions for automated testing and deployment.

Experience

Intern, EY

- Gained hands-on exposure to SAP technology and enterprise business processes while working with EY.
- Assisted in configuring and optimizing data pipelines, ensuring data integration and transformation.
- Collaborated with teams to deliver scalable, data-driven solutions.

AI/ML Virtual Intern, AICTE & EduSkills

- Built supervised and unsupervised ML models for classification problems.
- Gained hands-on exposure to data preprocessing and evaluation techniques.
- Enhanced analytical and problem-solving skills through applied machine learning.

Leadership

Technical Event Head , Competitive Coding Club	Oct 2023 – Present
Student Coordinator , Dept. of Engineering Sciences	Jan–Jul 2023

Achievements

- Runner-up – Code Craft Apptware Hackathon 2025
- Winner – Avinya 24-Hour Hackathon 2024
- Organizer – Codewolf 4.0 with 250+ participants

Certifications & Courses

- OCI Generative AI – Oracle (2025)
- Networking Certification – Cisco Networking Academy (2025)
- Java Programming – Spoken Tutorial, IIT Bombay (2024)
